## About TUM.ai

With over 110 active members and 150 alumni, TUM.ai is one of Europe's most active non-profit student initiatives around Artificial Intelligence (AI) based at the Technical University of Munich (TUM).

Shaping and empowering the AI ecosystem in Munich and beyond, TUM.ai runs projects focused on applying AI to real-world problems. Its signature makeathons, industry-consulting projects, entrepreneurship labs, workshops, and events have reached thousands of participants from all backgrounds and have supported emerging AI startups.

Each member shapes their own TUM.ai journey by joining one of the 10 departments and/or management team to contribute to TUM.ai's growth, creating new projects, and participating in TUM.ai's hands-on offerings.

**Nicolas Remerscheid**

TUM.ai Co-Founder, President [2020 - 2021]  
TUM.ai Board Member [2021 - Present]

**Luca Dombetzki**

TUM.ai President [2021 - 2022]  
TUM.ai Board Member [2021 - Present]

Munich, 14.06.2023
